

15m - 20m Stainless Steel Coil Hot Rolled Cold Rolled One Stop Processing Service

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Sheng Quan
- Certification: ISO9001:2000
- Model Number: 201/304/304L/316/316L/321/309/310
- Minimum Order Quantity: 1ton
- Price: USD1500-USD6000
- Packaging Details: Standard Export Sea-Worthy Packing
- Delivery Time: 5-15days
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 15000Tons

Product Specification

- Rolling Width: 15m 20m
- Processing: Cold Rolled/Hot Rolled
- Width: 1000mm-2000mm
- Coil Weight: Customer Requirements
- Payment Term: 30%T/T Advance + 70% Balance
- Keyword: Hot Rolled Stainless Steel Coil
- Standard: ASTM, AISI, JIS, DIN
- Physical Properties: Good Ductility For Molding Products
- Highlight: **Cold Rolled Stainless Steel Coil,
20m Hot Rolled Stainless Steel Coil,
One Stop Processing hot rolled coil**

Product Description

Product Description:

The coil is available in a range of widths, from 1000mm to 2000mm, and the coil weight can be customized to meet the needs of the customer. This makes it suitable for a wide range of applications, including automotive, construction, and manufacturing.

The Stainless Steel Sheet Coil is available in both cold-rolled and hot-rolled options, depending on the specific requirements of the application. The hot-rolled stainless steel coil is ideal for applications that require high strength and good ductility, while the cold-rolled stainless steel coil is best suited for applications that require good surface quality and dimensional accuracy.

The 301 Stainless Steel Coil is one of the most popular types of stainless steel coil, known for its excellent strength and corrosion resistance. It is often used in applications that require high strength and good ductility, such as in the automotive and aerospace industries.

The 304 Stainless Steel Coil is another popular option, known for its excellent corrosion resistance and versatility. It is often used in applications that require good welding and forming properties, such as in the food and beverage industry.

Overall, the Stainless Steel Sheet Coil is a highly versatile and durable material that is ideal for a wide range of applications. With its excellent strength, corrosion resistance, and ductility, it is well-suited for use in automotive, construction, and manufacturing industries. Whether you require a hot-rolled stainless steel coil or a cold-rolled stainless steel coil, this product is an excellent choice for any application.

Features:

Product Name: Stainless Steel Sheet Coil

Payment Term: 30%T/T Advance + 70% Balance

Length: Customized

Coil Weight: Customer Requirements

Physical Properties: Good Ductility For Molding Products

Processing Service: Bending, Decoiling, Punching, Cutting

Available Types:

410 Stainless Steel Coil

Cold Rolled Stainless Steel Coil

316 Stainless Steel Coil

Applications:

The Stainless Steel Sheet Coil is designed to be used in a variety of applications and scenarios, making it a versatile product. The coil's physical properties include good ductility for molding products, making it an excellent choice for use in construction, decoration, and machinery. The coil's high-quality inspection ensures that it meets the highest industry standards.

The Hot Rolled Stainless Steel Coil is perfect for use in a variety of applications such as architecture, automotive, and construction. Its durability and strength make it an excellent choice for use in high-temperature environments and harsh conditions. The coil's color-coated steel coil is ideal for use in the production of color-coated steel sheets, which are widely used in the construction industry.

Sheng Quan's Stainless Steel Sheet Coil is packaged in standard export sea-worthy packing and can be delivered within 5-15 days.

Customers can choose from a variety of payment terms such as L/C, T/T, and Western Union. With a supply ability of 15000Tons, this product is readily available to meet the demands of various industries and applications.

Overall, Sheng Quan's Stainless Steel Sheet Coil is a high-quality product that offers excellent value for money. Its versatility, durability, and reliability make it an excellent choice for use in a variety of applications and scenarios. Whether you need a Hot Rolled Stainless Steel Coil, 410 Stainless Steel Coil, or Color Coated Steel Coil, Sheng Quan has you covered.

Customization:

Our Stainless Steel Sheet Coil is available in different models including 304 Stainless Steel Coil, 410 Stainless Steel Coil, and 301 Stainless Steel Coil. Contact us today to customize your order to your specifications.

FAQ:

Q1: What is the brand of the Stainless Steel Sheet Coil?

A1: The brand name of the Stainless Steel Sheet Coil is Sheng Quan.

Q2: What is the model number of the Stainless Steel Sheet Coil?

A2: The model number of the Stainless Steel Sheet Coil includes 201, 304, 304L, 316, 316L, 321, 309, and 310.

Q3: Where is the Stainless Steel Sheet Coil made?

A3: The Stainless Steel Sheet Coil is made in China.

Q4: What is the minimum order quantity for the Stainless Steel Sheet Coil?

A4: The minimum order quantity for the Stainless Steel Sheet Coil is 1 ton.

Q5: What is the price range of the Stainless Steel Sheet Coil?

A5: The price range of the Stainless Steel Sheet Coil is between USD1500-USD6000.

Q6: What are the packaging details for the Stainless Steel Sheet Coil?

A6: The Stainless Steel Sheet Coil is packaged in Standard Export Sea-Worthy Packing.

Q7: What is the delivery time for the Stainless Steel Sheet Coil?

A7: The delivery time for the Stainless Steel Sheet Coil is between 5-15 days.

Q8: What are the payment terms for the Stainless Steel Sheet Coil?

A8: The payment terms for the Stainless Steel Sheet Coil include L/C, T/T, and Western Union.

Q9: What is the supply ability for the Stainless Steel Sheet Coil?

A9: The supply ability for the Stainless Steel Sheet Coil is 15000 Tons.
